

**378973. EULALIA sp. Gramineae.**

From Italy. Seed presented by Instituto Botanico dell'Universita, Via Guiseppe Colombo, Milano. Received April 13, 1973.

**378974. PHASEOLUS sp. Leguminosae.**

From Colombia. Seed collected by A. S. Barclay, Medicinal Plant Resources Laboratory, Agriculture Research Center, Beltsville, Maryland. Received April 19, 1973.

3562. Five km. west of El Salto de Tequendama on road to El Colegio, then north for 0.5 km. on road to Planta El Salto. Elevation 2,125 m. Herbaceous vine. Flowers white, turning yellow with age. Scrambling over shrubby vegetation along road margin. July 1972.

**378975 to 378978.**

From Canada. Trees presented by Horticultural Research Institute, Vineland Station, Ontario. Received April 16, 1973.

**378975 and 378976. PRUNUS ARMENIACA L. Rosaceae. Apricot.**

**378975.** V60072. 'Veecot' x 'Blenheim'. Fruit attractive color, good quality, small unless well thinned. Good crop record and has processed well. Ripens with 'Veecot'.

**378976.** V60102. 'Veecot' x 49024 ('Geneva' x 'Gibb'). Bright attractive color similar to 'Veecot'. Fruit medium to large, very good processed, holding shape and with good quality. Resistant to splitting and bacterial leaf spot. Ripens approximately one week after 'Veecot'.

**378977. PRUNUS AVIUM L. Sweet cherry.**

V35038. Parentage unknown. Large, shiny, dark red, firm, fair to good quality sweet cherry with a small pit. Average picking date a day or two later than 'Bing'. Less susceptible to cracking than 'Bing' and has been a good cropper. In heavy crop years, tends to set in bunches and requires careful spraying for brown rot.

**378978. PRUNUS PERSICA (L.) Batsch Peach.**

V55125. 'Sunhigh' x 'Royalvee'. Large, attractive, all over red peach, ripening a week after 'Redhaven'. Very slow oxidizer making it a good freezer. Processes well.

**378979 to 378981.**

From Sweden. Seed presented by The Botanical Garden, University of Uppsala, Uppsala. Received April 23, 1973.

**378979. PHILADELPHUS DELAVAYI L. Henry Saxifragaceae.**

700. China, H. Smith 34, 12678:2.

**378980. PHILADELPHUS PURPURASCENS (Koehne) Rehder**

704. China, H. Smith 34, 12678:1.

**378981. PHILADELPHUS SUBCANUS Koehne**

706. China, H. Smith 34, 12804.

**378982 to 378985. ORYZA SATIVA L. Gramineae. Rice.**

From Thailand. Seed presented by B. R. Jackson, Advisor to Rice Department, Rockefeller Foundation, Bangkok. Received April 20, 1973.

**378982.** 'Daw Leuang 133-3-88'. G.S. 1608.

**378983.** 'Gam Pai 15'. G.S. 1603.

**378984.** 'Khav Pahk Maw 148'. G.S. 1202.

**378985.** 'Leuang Yai 34'. G.S. 248.
